## OBJECTIVE

To utilize my skills and provide a professional service to customers by applying and honing my knowledge and working in a challenging and motivating working environment.

## EXPERIENCE

### Centre for Career Counseling and Placements

*May, 2022 - September, 2023*

Campus recruitment coordinator (CRC)  
I started working as a CRC under the Centre for Career and Counseling to help my university get maximum recruitment. I also helped in managing different events regarding placements.

### The Coding Club

*October, 2020 - September, 2023*

Co-founder, Coordinator  
I with one of my friend founded the club in our first semester. We conduct timely computer science specific activities, competitions, and awareness programs.

## EDUCATION

### Islamic University of Science and Technology

*2019 - 2023*

Bachelor of Technology, Computer Science & Engineering  
8.56 on a scale of 10

## PROJECTS

### WeddEase - Hassle free wedding management

Build an web app where people can shop, rent, or hire different products and services for their wedding/events. The MERN Stack was used for developing this app.

### Lavoro - Worker discovery app

Built an web app to help workers like labourers, carpenters, painters, make-up artists, photographers, etc. to get jobs easily. The MERN stack was used to make this app.

### Quran App

I worked for a while as a front-end developer under a team to build the app.
